

Wine on the Fly.

Wine on the Fly presents a unique fly-fishing and wine tasting event at Colorado's The High Lonesome and K-T Ranches. Join us from July 14-18, 2010 for three days of prime-time fly-fishing and wine tasting. Two of your favorite passions, world-class Colorado fly-fishing and exquisite California wines in one event. Join some of the best writers and editors in the fly-fishing industry and talk about fishing while savoring some of the best wines to come out of Napa Valley and Sonoma with the wineries pouring the wine themselves. + The fishing is a Western Sampler. Wade fishing on the K-T's White River. Spring Creek fishing in Meeker. Drift boat fishing on the Colorado and the Roaring Fork. And sight fishing at The High Lonesome Ranch. + Our hosts and sponsors will see that you get over fed and over fished. For more information, wineonthefly.com and TheHighLonesomeRanch.com
